8:00 p. m. to 11:00 p. m.—Regular weekly dance, House of Ho-Ho.

VANDIVER CLAIMS THE STATE IS DEMOCRATIC.
Congressman W. D. Vandiver, chairman of the Executive Committee of the Democratic State Committee, is still hopeful of the State ticket, and said late last evening that the indications are that Missouri had gone Democratic by a small majority.
"Folk is elected," declared Mr. Vandiver, "and his majority will be about 30,000 to 35,000. Late returns indicate that the entire State ticket is safe, though by greatly reduced majorities, ranging from 7,000 to 10,000."
"For the national ticket the State is very close, but I believe it has gone for Parker."
"The vote for Congressmen is close in several districts, and it looks as though Hamilton is leader in the Seventh, Russell in the Fourth, Benton in the Fifteenth and Coward in the Fifth."
"Of course, later returns may change the aspect of the situation and we may yet get one or two of these districts."
"I am confident the entire State ticket is elected, as the late returns are more favorable than earlier in the day, when it began to look for a time as though Folk was the only man on the ticket who had been successful."

TIRED WOMEN.
Women who are easily fatigued, tired, nervous or sleepless will derive great benefit from a few doses of Hostetter's Stomach Bitters. It is a mild tonic for their various organs and strengthens and stimulates them in the performance of their duties. Women everywhere who have tried it freely endorse it. We urge all women to try a bottle. It also cures Indigestion, Dyspepsia, Poor Appetite, Cramps and Headaches.

CANDIDATES ENTER FIELD FOR 1908

Roosevelt's Statement Declaring He Would Not Accept Third Term Starts Discussion of Successor.

TAFT AND ROOT IN FAVOR.

Senator Beveridge of Indiana Makes Known His Ambition to Go to White House—Shaw, Knox and Fairbanks Mentioned.

REPUBLICAN SPECIAL.

Washington, Nov. 9.—President Roosevelt made up his mind fully two weeks ago that he would not accept a third term. The President has long held positive convictions on the third-term question. When Judge Parker, in his speech of acceptance, declared he would not take a second term if elected, the President privately admitted that he was opposed to a third term for himself or anyone else. He declined at that time to declare himself out of the race in 1908. This he did because he feared that such a declaration would be taken as an effort to make political capital in the campaign. He thought over the form of his statement and gave it out as soon as the returns showed a Republican victory.

This announcement throws the field wide open to all candidates. If the President had not eliminated himself last night there would have been indirect pressure brought by the various candidates for presidential honors in 1908. The following men are considered available for the nomination in 1908:
Elliott Root of New York, William H. Taft of Ohio, Leslie M. Shaw of Iowa, Senator Fairbanks, Senator Knox and Senator Beveridge of Indiana.
Within the last few weeks it has become known here that Senator Beveridge covets the Republican nomination. That President Roosevelt should so soon declare himself out of the race is not considered favorable to Senator Beveridge.
It is impossible that a Beveridge would be formally launched much before 1908. He is now considered too young, but no one shuts his eyes to the fact that he is a comely man in the Senate, and that his industry, eloquence and alert intelligence have compelled the leaders to take him into the party councils, although they are opposed to youth and impetuosity.
Taft full presidential size, and he also considers Elihu Root, Mr. Root's predecessor, as a most available man for the Republican standard bearer. Mr. Root has the added distinction and qualification of being a New Yorker.

TO PAY BET BY WHEELING WINNER DOWN THE PIKE.

Loser of Election Wager Will Turn (Wheeling) as Penalty for Voting for Parker.

F. W. Shapleigh, chief clerk of the Concessions Department, will wheel E. Gilbert, Osborne, chief clerk of the Admissions Department, in a wheelbarrow from one end of the Pike to the other and return to-night.
The journey is the result of an election bet. Shapleigh is to carry on his back a sign, "I Voted for Parker and Lost." Osborne is to carry a red lantern in each hand. The procession will start from the west end of the Pike at 8:30 p. m.
It is thought that the penalty of a number of freak election bets made by St. Louis men will be paid on the Pike, inasmuch as that thoroughfare is at present the liveliest in the country.

FALLS ON TRACKS; LOSES BOTH LEGS.

Boston, Nov. 9.—Harry F. Wells of No. 32 Nelson street, Dorchester, had both legs cut off by an inbound New York, New Haven and Hartford train. According to his statement to his wife, in the Massachusetts General Hospital, Wells was walking to work on the outbound tracks. A train approached and he crossed over to the inbound tracks and was struck.
Two boys, John and James Maloney, who live in Killet street, say they saw Wells fall across the track in front of the train. They tried to rescue him, but he fought them off and threw stones at them.

MISS MARIETTA BAGBY WILL SING AT FESTIVAL HALL

Soloist, who will appear with the Symphony Orchestra at the World's Fair next Friday, November 12.

PRINCE FUSHIMI LANDS IN AMERICA

Cousin of the Emperor of Japan Comes for a Friendly Visit to Country.

DECLINES TO SAY ANYTHING.

Will Go to Washington and Seek an Audience With the President to Further Cement Relationships.

San Francisco, Nov. 9.—Lieutenant General Prince Satsumu Fushimi, cousin of the Emperor of Japan, arrived here this morning on the liner Manchuria.

He was accompanied by a suite of seven members, composed of A. Sato, Grand Master of the Household, Count S. Terushima, Major Myran, Master of Ceremonies, Doctor Rokkaku, secretary to the Prince, and two personal attendants.
As the Prince was traveling as a private citizen, no formal reception was tendered him here by Government officials. He was met, however, by the collector of the revenue cutter Golden Gate.
On board of the cutter were the Consul General of Japan at this port and a party of eight, who acted as an escort to his Highness.

A Sato, who acted as spokesman for the party, stated that the Prince desired particularly not to give any interview to the American press at this time.
"You can understand that it would be improper," continued Mr. Sato, "for his Highness, who is an officer in the army and closely related to the Emperor, to express any opinion on the existing war. His visit to the country is purely one of courtesy."
The party will remain in San Francisco only twenty-four hours. We will leave tomorrow for Washington by way of Chicago, stopping at the latter city only three hours. As soon as we arrive at the national capital his Highness will seek an audience with the President of the United States.
Asked as to the purpose of this interview with the chief executive, Mr. Sato replied:
"It is of a purely informal nature. His Highness desires to cement more closely those bonds of good feeling which exist between America and Japan."
This is not Prince Fushimi's first visit to the United States. About twenty years ago he passed through San Francisco and crossed the continent on his way to Europe. He is a distinguished-looking gentleman, about 50 years old.

STEAMERS FLOATING HOTELS.

Turkish Bath and Elevator Attachments on New Vessels.

REPUBLICAN SPECIAL.
New York, Nov. 9.—Floating hotels on the European plan, with Turkish bath and elevator attachments, are about what the new monster ships of the Hamburg-American Line, the Kaiserin Augusta Victoria and the America, are to be.
The Kaiserin is to be the largest, being 765 feet long, 77 feet beam, 33 feet 9 inches deep and with a displacement of about 40,000 tons. She will have a capacity of 16,000 tons, will carry 500 first class passengers, 300 second class, 250 third class and 2,125 steerage. The Kaiserin is now being built at the Vulkan works at Stettin, and the America at the yards of Harland & Wolff, Belfast.
Each of the ships is to have a grill room of the proportions of a modern restaurant.

HOTEL IS NOT AN INN, DECLARES JUDGE.

REPUBLICAN SPECIAL.
Is an inn the same as a hotel?
This is the question Boston hotelkeepers were asking themselves after a decision of Judge Ely in the Municipal Court, when he discharged Richard Simpson from paying a board bill on the technicality named above. Judge Ely decided that, as he was charged with not paying for entertainment he had obtained at an inn, and as the bill he owed was to the New Lexington Hotel, an institution owned by a corporation having no specific license to conduct an inn as well as a hotel, Simpson could not be convicted. There are a number of hotels in Boston operating under licenses like that of the New Lexington. So far as is known the case is the first in which the technicality was ever brought up. Simpson was a bass singer in "Paraffino," which he was arrested on the charge of not paying a board bill of \$5.

FOLK'S PLURALITY IS NOW 40,000.

Continued From Page One.

scratched Walbridge for Folk. Aside from the Democrats, big pluralities in St. Louis and Kansas City, he ran ahead of the ticket from 100 to 200 in by the majority of the counties.

It is argued that "soreness" in some Democratic quarters has to do with a part of the stay-at-home vote. This is probably true to a very slight extent in the west central section of the State.
The Republican State Committee had provided the best system for securing and tabulating State returns. From precincts they secured the results, signed by judges and clerks, and having every appearance of authenticity. Taking these returns on presidency from eighty odd precincts in all parts of the State outside of the cities, and comparing them with the 1900 vote, the percentage of Democratic loss is obtained.

Figures from 111 precincts on Governor and Secretary of State compared with the vote for Dockery and Flory in 1900, provides basis for calculating percentage of Democratic loss on Governor, and for establishing the degree to which Cook has run behind in the country.

In counties like Vernon, Audrain, Bates, Randolph, Pike, Ray and Saline the slump is very great.

The following is a table showing returns in one of most precincts in thirty-nine counties, including all sections of the State, with typical Republican and Democratic counties also in. It will be seen that the percentage of Democratic loss is 21 per cent. That, if maintained, carries the State for Roosevelt; and, to secure the same result, the Republican managers claim, can be reduced to 10 per cent loss in districts yet to hear from.
